I can certainly understand your thought process and it was questioned we can very easily describe the rationale.

Regarding combining the payment into one big pay, let me ask Sandra, in payroll, which would be faster. I will let you know.

Thanks

I am so sorry if this in any way screwed anything up. Martha and I thought we would make one big payment for the lunches. Could we combine it with your request for pay?

Actually, you can use the date that Natalie first started writing "no lunches" on her time card. That should have been starting the first day she worked after January 20. Thank you

I spoke with both Luain Hajjar and Maria Anger and asked them the following:
Have you ever witnessed Natalie Reeser placing a sign on the door at our Clinton Township PSC and closing the site to take a lunch?

Luain: No

Maria: No, If I did I would have called you and asked you about it

Both Luain and Maria have been shown the "We will be back soon" sign that was in the "Emergency sign folder" and neither one have ever seen this sign before February 26th, 2014.
